About Tian Poh Resources Limited

Tian Poh Resources Limited (ASX: TPO) was incorporated with the purpose of investing in mineral projects in Mongolia.

TPO listed on the ASX in November 2014.

Overview

- Continued to assess technologies and advancement of the Nuurst Thermal Coal Project, and the financing of the project.
- Exploration licence XV-014770 was relinquished.

Projects

The locations of Company's projects are shown in Figure 1.

Nuurst Thermal Coal Project

The Company's flagship project is the Nuurst Thermal Coal Project located 120 km south east of Ulaanbaatar in an area with a number of operating coal mines and 6 km from existing rail infrastructure allowing direct access onto the existing Trans-Mongolian Railway line.

During the quarter, the Company continued to assess technologies which could be used to advance the Nuurst Thermal Coal Project, considered prospective financing, and commenced investigating the use of blockchain technology for the management of the planned natural gas distribution business in Mongolia.

Other Projects

Following a review of the Company's projects in the prior quarter, it was decided not to renew exploration licence XV-014770, which was relinquished.

Corporate

A wholly owned subsidiary commenced being set up in China to enable the Company to avail of short and long term opportunities to trade coal while advancing coal to electricity, and coal to gas plants, and distribution of electricity and gas in Mongolia.

A claim predating the Company's ownership of Huabei Kuangye LLC, the entity which holds the Company's second mining licence in Mongolia, of USD85,000 was received and settled. The claim was for services related to the acquisition of this project prior to Huabei Kuangye LLC being owned by the Company, and was settled to avoid repercussions for the mining licence.
